BUILDING INFORMATION

LETTER FROM THE PRINCIPAL

Dear students, parents, and guardians,

Welcome back to school and to another year as a member of the Southeast Polk Community School District. We hope this handbook will serve you in many ways. It was designed with you in mind, whether you are the student or the guardian. Please use the table of contents to find the information that you desire. The beginning of this handbook contains basic information regarding expectations of all students and the daily schedules. The remaining information in this handbook has been divided into eight headings: Academics, Attendance, Discipline, Health, Policy, Safety, Student Activities and Student Services.

Some of this information comes directly from board policy located on the district website. Board policies are reviewed by the current school board and members of the central office administrative team on a rotating basis. The information that does not come directly from policy has been either established or reviewed by the high school administration. This edition of the handbook has also been approved by the Southeast Polk Board of Education.

We encourage students and their guardians to communicate with school employees whenever assistance or clarification is needed. **The school phone number is 967-6631**, and it will be answered from 7:30 a.m. to 3:30 p.m. whenever school is in session. Each member of our support staff, certified teaching staff, counselors and administrators has voicemail (that can be accessed through the school phone number) and email that are checked daily. We pride ourselves on timely responses and making ourselves available to help all students successfully meet challenges now and in the future.

Best wishes for the new school year. We hope this year is your most rewarding to date.

ACADEMICS

ACADEMIC LETTER

PURPOSE

- To give more visible recognition to students for their academic achievement and efforts.
- To encourage students to excel to a greater extent in the academic areas.
- To show other area schools that Southeast Polk supports its academic programs.
- To promote academic excellence at Southeast Polk.

CRITERIA

That an established grade point of 3.500 be earned by the student (grade 10-12) for two consecutive semesters, but not as an average of two semesters.

Example:

Semester 1 - 3.5 Semester 2 - 3.7 (qualifies)	Semester 1 - 3.6 Semester 2 - 3.4 (does not qualify)
--	---

- The student must be enrolled in six classes (excluding those not included in figuring grade point average).
- Qualification will be based on the student's grade point average for two consecutive semesters prior to the May Honors Assembly. Each semester may only be used one time in determining academic lettering status.

For each two additional semesters that student qualifies for an Academic Letter, the student who has been awarded a letter will be awarded a "lamp of knowledge" pin to be worn upon his/her letter.

ADVISEMENT PROGRAM

The mission of the Southeast Polk High School's Advisement Program is to ensure that each student at the high school has a personal adult advocate so he/she knows at least one adult well, feels that he/she is an integral part of the learning community, and has a heightened awareness of his/her own personal progress, career goals, and grades.

GOALS

- To develop 21st Century Skills under the Iowa Core.
- To ensure that each student has a personal relationship with one staff member and provide that student with a sense of belonging to Southeast Polk High School learning community.
- To support students as they complete Xello.

- To help students develop personal connections that support educational objectives at the high school and to serve as a reference/resource for the student.
- To develop a better line of communication between students, teachers, parents, and community.
- To help students solve problems before they become major issues.
- To improve the approachability and availability of the teachers for students.
- To promote student achievement for all students.
- To help students be aware of credits, scheduling classes, attendance, career/college preparation, and student achievement.
- To help students better understand the concept of diversity and the acceptance of everyone.

STRUCTURE

Advisement will follow 2nd period on scheduled Fridays. Student attendance is required.

Each advisor group will be composed of students in grade-alike groups.

COMMENCEMENT

Any student who has met the requirements for graduation and who follows the rules set by the administration for the ceremony, will be allowed to participate in commencement ceremonies. If, for any reason, a student fails to participate in commencement ceremonies, the student shall still receive his or her final progress report and diploma for completion of graduation requirements.

DRIVER'S EDUCATION

StreetSmarts provides contracted driver's education services to Southeast Polk Community School students. Information about registration for driver's education is available on their website, www.streetsmartsdriversed.com, or by phone, 515-279-1112.

FIELD TRIPS

The administration must give prior authorization for all field trips and/or excursions. Written parental notification is required prior to the student's participation in a field trip or excursion outside of the school district. Field trip permission is part of the annual student registration process.

GOLD/SILVER CARDS

Students may earn a gold or silver reward card based on their previous semester's grade point average. Students must receive a 4.0 GPA to earn a gold card or a 3.5 GPA to earn a silver card. The cards are valid for one semester, and they will be available in the assistant principals' office. The benefits of each card are listed below:

GRADING SYSTEM AND REPORT CARDS

An automated progress report will be generated by Infinite Campus and emailed to students and parents approximately every three weeks. The progress report includes an update of the current grade, number of absences, and number of times tardy to class, for each enrolled course. Note that this automated progress report will be sent electronically, so please update your email address in the Campus Portal. Printed report cards will no longer be mass mailed to all parents. Report cards may be printed from Infinite Campus at any time by parents. You can request a printed copy of a report card by contacting the Assistant Principal's office.

HARBOR ALTERNATIVE PROGRAM

The Harbor Alternative Program is an educational alternative offered to high school students who may be at risk of dropping out of school. Students interested in the Harbor must complete an application and be recommended by a counselor or administrator. Harbor students are provided an individualized educational approach using expeditionary learning, which is a theme-based, hands-on teaching and learning model.

HEALTH CURRICULUM

Health education is an important part of the school year's offerings. Major topics include personal health; safety and survival skills; consumer health; family life and human sexuality; substance use, misuses and non-use, emotional and social wellbeing; prevention and control of diseases; and health resources and careers.

HOMEWORK HELP

The media center will stay open until 5:15 pm Monday through Thursday and from 8:00 a.m. to 11:00 a.m. on Saturday throughout the school year for homework help. Core area teachers will be available to tutor any student that desires extra assistance. All library materials/resources are also available for student use, including computer/internet access.

MULTIPLE-FAMILY HOUSEHOLDS

Students impacted by a multiple-household family situation must be handled effectively and legally. Knowledge of custodial arrangements is important for school personnel. A copy of the parenting section of the court document should be provided and kept in the child's cumulative folder. All parents are encouraged to be involved in their child's education, including attending conferences and other school-related functions.

Parents receive a variety of newsletters, announcements of special events, and report cards. Non-custodial parents are encouraged to register their contact preferences in the Campus Portal to receive email, phone and text notifications. Contact your school office to have an account created.

MID-YEAR GRADUATION

A student may qualify for mid-year graduation if the student has completed the minimum high school requirements. In such cases, within the discretion of the administration, alternate arrangements may be made for the satisfaction of the physical education requirement if students are normally required to take four years. The deadline date for all requests is October 1. Refer to the registration guide for exact early graduation procedures.

A student who graduates early will no longer be considered a student and will become an alumnus of the school district. However, the student who graduates early may participate in commencement exercises, prom, senior breakfast and graduation, and the scholarship and recognition breakfast.

PASS/FAIL OPTION

A pass/fail grade may be taken in an elective subject. Students can choose to be graded on a pass/fail basis for a total of (4) credits during high school. No more than one (1) course can be taken as pass/fail within a given semester. Students currently taking classes where pass/fail is the only grading option. At the end of the first 13 weeks grading period, the teacher of that class will inform the student of the grade earned. The student must then declare whether to select P/F or the letter grade. At this point, the teacher will place either the P/F or the letter grade on the report card for the 2nd six weeks and thereafter. The student will be thus "locked in" to that declaration for the remainder of the semester, including the final grade. (A "P" grade does not affect the G.P.A., but credit is earned.) An "F" grade does affect the G.P.A. and credit is not earned.

PHYSICAL EDUCATION

STUDENTS WHO DO NOT DRESS FOR P.E.

Grades in physical education are based primarily on participation, performance, and attitude. It is imperative that students are dressed appropriately for P.E. class. Students who do not dress out will not be allowed to be a disruption to the class. Any class missed can be made up within one week for 1/2 credit. Repeated "no clothes" will result in detentions assigned by the individual teacher, and may result in disciplinary referrals to the front office.

P.E. STUDENTS AND MEDICAL EXCUSES

Students who miss physical education class due to injury or illness must have a medical excuse. The excuse shall be completed by a MD, DO, APRN, PA, PT or chiropractor and must include the student name, beginning and ending dates, and the activities the student can perform (or special instruction). Paperwork needs to be turned in to the school nurse. Medically excused students who do not present a P.E. medical excuse to the school nurse will be responsible for all classes missed. Athletes currently in a sport may not practice or compete if medically excused from P.E.

P.E. OPT OUT POLICY

Students participating in athletics at Southeast Polk High School are permitted to opt out (be excused from) physical education class during only one semester (either spring or fall) during any given school year. The actual number of weeks opt out time will vary from circumstance to circumstance according to the following opt out criteria. Students participating in fall sports

are permitted to opt out of physical education for the entire first semester (as long as they participate and successfully complete the season). Physical education grades for fall sports athletes who have opted out will be listed as excused on the report card and official records.

Students participating in winter sports are permitted to opt out of physical education for either the first or second semester, whichever is their desire (but not during all or any part of both semesters). If the students choose to opt out during the first semester, they may do so beginning on the official starting date of their winter sport (date to be announced annually by the Director of Activities). If students choose to opt out during the second semester, they may do so at the start of the second semester – if all of their opt out paperwork has been completed; if these students successfully complete their winter sport, they may continue to opt out for the remainder of the second semester. Physical education grades for winter sports athletes for the semester the student elected to opt out will be listed as excused on the report card and official records. Students participating in spring or summer sports are permitted to opt out of physical education beginning on the official starting date of their sport (date to be announced annually by the Director of Activities). For spring and summer sports, the student’s grade earned in physical education up to the official starting date of their sport will be listed on the report card and official records. Students participating in multiple sports (i.e. football, basketball, spring or summer sports) will be required to choose which of the semesters (either first or second) they desire to opt out. The form may be found on the district website. Per Iowa Code Chapter 12.5(f)(f), other non-athletic activities may also qualify for P.E. opt out. For an updated list of approved activities, please see the current opt out form available in the guidance office.

Fall	Winter	Spring	Summer
Cross Country – Boys/Girls Football Swimming - Girls Golf - Boys Volleyball	Basketball- Boys/Girls Bowling - Boys/Girls Swimming – Boys Wrestling	Track - Boys/Girls Golf - Girls Tennis - Boys/Girls Soccer - Boys/Girls	Baseball – Boys Softball - Girls

A student who opts out of physical education will be assigned to a study hall. A student who quits or is dismissed from a team will be required to return to physical education class immediately.

Note: The intent of this opting out policy is to ensure that every student is enrolled in at least one (1) full semester of physical education each year.

POST SECONDARY ENROLLMENT OPTION

By an act of Iowa Legislature, students may enroll for courses at a post-secondary institution. Funds for this enrollment will be provided by the local school district, provided that the student meets the admissions requirements of that institution, the course(s) taken are not offered by the local school district, the course taken is approved by the counselor, and the course is successfully passed. Students of junior or senior status, and 9th and 10th grade students who are identified as talented and gifted, are eligible. Further information about application guidelines and procedures may be obtained from the counselors.

PROMOTION - RETENTION - ACCELERATION

Students in grades nine through twelve are informed of the required course work necessary to graduate each year. When it becomes evident a student in these grades is unable to meet the minimum credit requirements for the year, parents are informed. It shall be the sole discretion of the board to deny graduation to a student.

Students in grades kindergarten through twelve with the exceptional talents may, with the permission of the principal and parents, take classes beyond their current grade level. Enrichment opportunities outside the school district may be allowed when they do not conflict with the school district's graduation requirements.

RAM PLAN

The RAM Plan was created to reward exemplary student attendance and encourage improvement in the average daily attendance at the high school. Eligible students can opt for the grade that they have earned without taking the final semester exam. The RAM Plan's inception was the school year 1994- 95. It was reviewed in 1997, 2000, 2005, 2008, and 2012.

- Students may opt out of two semester finals if they meet the following criteria:
- Students may have up to four non-school related absences.
- Students may have up to four non-teacher excused tardies.
- Participation in school related activities are not considered absences from school and do not count as part of the four allowed absences.
- Finals that have been opted out of may still be taken at the discretion of students/parents. The results on finals taken under these circumstances may only improve overall course grades.
- Semester finals will be given over three days (3, 3, 2). Second semester senior finals will occur during their last two days of school.

Southeast Polk High School 2020-21 Handbook

Students are only required to be in attendance during their scheduled finals.

Successful completion of the above curriculum will meet the entrance requirements of Iowa's three state universities. Individual universities may require a grade of C or better before acceptance of the above courses.

REGENT ADMISSION INDEX (RAI)

Students who wish to enter Iowa State University, the University of Northern Iowa, or the College of Liberal Arts and Sciences at The University of Iowa directly from high school beginning Fall 2009 or later will be admitted based upon the following three factors: ACT composite score, high school grade point average, and the number of high school courses completed in the core subject areas.

A Regent Admission Index (RAI) score will be calculated for each applicant, based on the following equation:

$$RAI = (3 \times \text{ACT composite score}) + (30 \times \text{high school grade point average}) + (5 \times \text{number of HS core courses completed})$$

For purposes of calculating the RAI:

- High school GPA is expressed as a 4-point scale.
- Number of high school courses completed in the core subject areas is expressed in terms of years or fractions of years of study.

Applicants who achieve at least an RAI score of 245 and who meet the minimum high school course requirements will automatically be offered admission. Applicants who achieve less than a 245 RAI score and who meet the minimum high school course requirements may also be offered admission, but their applications will be reviewed on an individual basis. Students who do not achieve an RAI of 245, but who otherwise demonstrate potential and commitment to succeed at a regent university, may be offered admission after an individual review of their applications.

In order to calculate RAI scores, use the following:

SILVER CORD PROGRAM

The purpose of the Southeast Polk Silver Cord Program is to instill within students the importance of community service, and encourage students to be accountable for investing in their own education and in their community on a regular basis during their school years. This program recognizes students for their community service during their high school years. Students volunteering 150 hours by April 30 of their senior year will have the distinct honor of wearing a silver cord during their graduation ceremony. While it is suggested that students complete the minimum hours of service activities per year to reach the 150 total hours, students may accumulate their 150 hours in varying amounts during their four years of high school. This is a self-directed program, and the students are responsible for turning in all of their hours.

More information regarding the Southeast Polk Silver Cord Program can be found in the Silver Cord Program section of the high school’s page within the district website.

STUDY HALL RELEASE

Juniors with 1st or 8th period study hall may apply for study hall release. This will be permitted only with the approval of the student's guardian. Seniors with 1st and 2nd or 7th and 8th period study halls (or 1st/8th only) may apply for study hall release as described above.

Students who apply for study hall release must have transportation arranged. Study hall release students are required to leave the building unless they have a pass to complete school work or remain under the direct supervision of a staff member.

COLLEGE VISIT PROTOCOL

Students interested in visiting a college may take six college visits during their high school career. Students may take college visits beginning the first semester of their sophomore year. All college visits must be completed before Dec. 1 and May 1.

Students **must** contact the college they wish to visit in advance to establish the date, time, and content of the college visit. The student's guardian contacts the Attendance office, 967-6450, to excuse the student from missing school due to attending a college visit. The student is responsible for having an admissions representative from the college sign a yellow College Visit notecard, available at the guidance office. The signed yellow College Visit notecard is returned to the student's guidance counselor after attending the college visit. The guidance counselor signs the College Visit notecard and forwards it to the Attendance office to verify that it was a RAM Plan excused college visit.

ATTENDANCE

Notification to school personnel that your child will not be in school should be given between 7:00 to 10:00 a.m. the day of absence. Please call the attendance office at 967-6450 or email attendance_hs@southeastpolk.org.

The main objective of any public institution for the education of young people must be to prepare young men and women for a meaningful and productive life. Although teachers differ in modes and styles of instruction, they acknowledge the great importance of attendance, promptness, and appropriate behavior in the ultimate success or failure of the individual. With this in mind, SEP High School has adopted the following guidelines to improve the quality of education for its students.

OBJECTIVES

- To encourage responsible actions among student, peers, family and community.
- To help students realize the importance of attendance and responsible behavior in setting and maintaining high educational standards.
- To reduce problems encountered by students and staff as a result of inappropriate behavior, tardiness, and absence.
- To emphasize each student's responsibilities toward the successful functioning of any social, civic, or educational organization.

This policy is intended to be helpful to all SEP Community School District patrons and stakeholders.

ATTENDANCE PROCEDURE

Attendance is a shared responsibility that requires cooperation and communication among students, parents, and school. To achieve this goal, parents are asked to call school each day their child will NOT be attending school. If the call is not received within the times designated, school personnel may attempt to call the home or the place of work to verify the student is indeed absent with the knowledge of the parent. Notification to school personnel that your child will not be in school should be given between 7:00 to 10:00 a.m. the day of absence. Please call the attendance office at 967- 6450 or email attendance_hs@southeastpolk.org.

Students arriving to class late, but within the first 10 minutes are considered tardy. These students do not need to secure an admit slip from the attendance office. They should report directly to class and be recorded tardy by the classroom teacher.

P.E. STUDENTS AND MEDICAL EXCUSES

Students who miss physical education class due to injury or illness must have a medical excuse. The excuse shall be completed by a MD, DO, APRN, PA, PT, or chiropractor and must include the student name, beginning and ending dates, and the activities the student can perform (or special instruction). Paperwork needs to be turned in to the school nurse. Medically excused students who do not present a P.E. medical excuse to the school nurse will be responsible for all classes missed. Athletes currently in a sport may not practice or compete if medically excused from P.E.

ATTENDANCE PROTOCOL

The Student Assistance Team (SAT) will meet to discuss specific student's absenteeism whenever a student has reached the levels below. The purpose of this meeting is to determine if the absences constitute a consistent pattern of avoidance from school. The following comes from Board Policy, 501.09R1:

- A. Level One: (Seven or more absences from school)
 - The guardian(s) will be notified by mail of the dates of absence and reasons given.
- B. Level Two: (Ten or more absences from school)
 - The SAT will discuss the student's absenteeism to determine if the absences constitute a consistent pattern of avoidance from school.
 - If avoidance of school is determined, a required meeting with the student and his or her guardian will be held to discuss the student's attendance. A member of the SAT will call the guardian to schedule this meeting.
 - An attendance contract will be discussed and signed by the student, guardian, and appropriate school personnel.
 - Refusal to participate in prescribed level two programs will cause the attendance issue to be moved to level three.
- C. Level Three: (Fifteen or more absences from school)

- SAT will discuss the student's absenteeism to determine if the absences constitute a consistent pattern of avoidance from school.
- If the student is of mandatory attendance age, a request for mediation will be filed with the Polk County Attorney's office. The juvenile court school liaison will contact the guardian to inform them of this request for mediation.
- The student may receive disciplinary action based on the truancy protocol.

PLANNED ABSENCE AND MAKE-UP WORK PROCEDURES

When parents or guardians know in advance that their student(s) will be absent from school, they are asked to have the student(s) bring a parent note that includes the dates of the planned absence to the attendance office. The students then will be given a Planned Absence form to be presented to their teachers. This form will complete communication with our teachers and enable our students to secure quality work.

Planned absence forms will not be distributed to students during the last week of the semester that request an alternate time for semester finals. Planned absences from school during semester finals will need to be submitted to the attendance office prior to the last week of the semester.

NOTE: College visits are limited to two school days per semester for purposes of RAM Plan eligibility for seniors. Juniors are eligible for college visits of two school days only during the second semester. No college visits will be RAM Plan Excused during the final two weeks of any semester.

RELEASE DURING SCHOOL HOURS

Students will be allowed to leave school grounds during school hours only with prior authorization from their parents and communication with the school. Approved reasons for a student leaving school during the school day will include illness, family emergencies, medical appointments, religious instruction, classes off school grounds, employment for which the student has been issued a work permit, and other reasons approved by the administration. Any student who leaves school grounds without prior parent approval and communication with the school or without permission of the attendance office will be considered unexcused from school.

STUDENT ATTENDANCE REGULATION

School work missed due to any absence must be completed to the satisfaction of each teacher whose class or classes were missed. 1.) When students can anticipate absences, every effort should be made to see that school work is made up in advance of the absence. The principal may determine that the completion of school work in advance be a prerequisite to allowing the absence to be excused. 2.) When an absence was not anticipated, all school work must be made up within the number of school days equal to the number of days absent plus one (two days of illness = three days upon return to school to complete work). Absences of more than five days must be made up as arranged with the principal. 3.) Students shall receive full credit for school work made up due to absences.

TARDY POLICY

Students at Southeast Polk High School are expected to be in class on time because punctuality is a concept that is important in all phases of life. There are situations when coming late to school or class will be considered excused. Those tardy situations include but are not limited to:

- Medical appointments
- Illness
- A family emergency
- Bad weather/road conditions
- Educational reasons that involve passes from school employees

All other tardy situations are unexcused.

TARDY DEFINITION

Students are tardy if they are not in their assigned areas safely when the bell rings. Students arriving after the bell and within the first 10 minutes of the class are considered tardy. Students that are tardy will receive verbal notification from the teacher after each time they are tardy. Students arriving more than 10 minutes late will be counted absent.

PURPOSE

To address student punctuality by applying reasonable interventions and/or consequences while also preserving instructional time for all.

1st/2nd/3rd Tardy Student receives verbal notification from the teacher. 4th

Tardy Teacher contacts the parent/guardian as a partner in intervention.

Student receives notification that referrals will be written for future tardiness.

Loss of RAM Plan privilege for that class.

5th and subsequent tardies

Loss of RAM PLAN privilege for that class.

A referral is written to administration including the number of tardies to class.

Parents are sent a copy of the discipline referral by mail

1st step = 30 minute detention

2nd step = 60 minute detention

3rd step (minimum of the 7th tardy)

A building administrator contacts the parent/guardian if consequences are beyond detention.

Administrative discretion is used to determine an appropriate response to this behavior.

Consequences may range from detention through suspension and/or could result in a loss of privileges.

TRUANCY POLICY

Truancy is any absence that occurs without the prior approval and consent of the parent/guardian AND THE SCHOOL. Students will be allowed only one truancy without a consequence during their entire high school career. An administrator will attempt to contact the guardian(s) after every account of truancy. Administrative discretion will be used to determine the step placement for each incident and the appropriate length of suspension for a step three or four infraction. The SEP truancy officer will also be contacted regarding any truancy involving a student of mandatory attendance age.

Consequences for Truancy

- 1st step Two-hour detention
- 2nd step Saturday school
- 3rd step In-School Suspension
- 4th step Out-of-School Suspension

SCHOOL VISITORS

For the safety and security of our students, visitors to the building must check in and obtain a visitor pass. A photo ID may be required.

If you are meeting with staff, please make an appointment. School days are tightly scheduled for responding to student needs and staff collaboration. To make the best use of your time and ensure that the staff person you need to see will be available, please take a few minutes to call or email to schedule a time to meet. By doing so, you can be sure that the staff member will be available to speak with you and they will have the necessary information to respond to your questions.

Parents are always welcome to visit our school. We ask that parents not bring younger brothers or sisters to visit, as they distract the class from a normal routine. Students from other schools may not visit and spend the day at school.

CONSEQUENCES FOR VIOLATIONS

ADMINISTRATIVE DISCRETION

The administration reserves the right to use discretion in determining the severity of any student violation of a policy, rule, or directive of the district and/or any inappropriate act or behavior on the part of the student.

VIOLATIONS OF POLICIES, RULES, OR DIRECTIVES

Students who violate policies, rules, or regulations of the school district, or who have documented cases of conduct detrimental to the best interest of the school district, may be suspended or expelled from school, or otherwise punished as provided by this policy.

The principal or designee(s) shall have the authority to suspend students temporarily. Such suspension may be for a period not to exceed ten (10) school days. A suspended student shall be given opportunity to make up work and receive credit on the same basis as other absentees. A day of suspension shall be counted as an absence. The initiative to make up work must be made by the student.

The principal or designee(s) may impose a range of penalties based upon their professional judgment and the facts and circumstances of each situation. Consequences may range from warning, counseling, reprimand, detention, loss of privileges, suspension from school, suspension from participation in activities, or recommendation for expulsion.

The board of education, upon the recommendation of the building principal or designee, may expel a student from school for violation of the policies, rules or regulations of the school district or for documented cases of misconduct detrimental to the best interest of the school district. The board may expel any incorrigible child or any child whose presence in school may be injurious to the health or morals of other students or to the welfare of the school.

DANGEROUS OBJECTS

Dangerous objects are not allowed on school grounds or at school sponsored events. Dangerous objects will be taken from students and others who bring them onto the school property. If a dangerous object is taken from a student, the parent of that student will be contacted. At the discretion of the administration, law enforcement may also be contacted. The student will be subject to further disciplinary action. A national goal is that every school in the United States will be free of drugs, violence, and the unauthorized presence of firearms and alcohol and will offer a disciplined environment conducive to learning.

DETENTION

Detention is assigned for various violations of school policy. Morning detention is from 6:30 a.m. to 7:30 a.m. every day except late starts. After school detention is from 3:05 p.m. to 5:05 p.m. on all days except Fridays or the last school day of the week. Students may not serve less than 30 minutes of detention in a single session. Students are to serve detention time within five school days. Detentions that are not served will result in Saturday school assignments.

SATURDAY SCHOOL

Saturday School exists as an alternate makeup opportunity for students whose absences for one or more class periods exceeds ten and where a majority of those absences are unexcused. Saturday School will also be used as a response to failure to serve detention, as a step-two truancy consequence in accordance with the truancy protocol, or as a consequence for student behavior. If a student refuses to attend Saturday school, he/she will be suspended from school at the discretion of administration.

- Transportation is provided by the student or parent.
- All school work and materials will be brought to the room at the beginning of the sessions.
- A short break will be given to the students to use the restroom.
- Time spent will be productive. The student will work on assignments or school related projects.
- Student will not be allowed to use the phone.
- Students will not leave their seats without permission.
- Students may not talk to other students without permission.
- Students may not bring food or beverages.
- Students will follow the instructions of the supervisor.
- Students will exit the room and school building immediately after serving Saturday School.
- Failure to follow these rules will result in being dismissed from the building. Time served will not count and an additional Saturday or suspension will be assigned to the student.
- The Saturday School teacher has the complete authority to determine if the student has fulfilled the Saturday School requirements.

SUSPENSION AND ALTERNATIVE SUSPENSION PROGRAM

Suspension is an earned consequence for noncompliance to school rules, Board policies, and/or our high school community Respect Code. A suspension is issued in three possible forms:

1. In-School Suspension, which is a self-contained classroom housed within the high school and is mainly used for short term suspensions.
2. Out of School Suspension, which prohibits the student from being on the school campus for the duration of the suspension period.
3. Suspension Program, located at the junior high, which is a self-contained, highly structured educational environment which serves students in grades 7-12 for longer term suspensions.

EXPULSION

Only the board of education may remove a student from the school environment beyond ten days. The removal of a student from the school environment beyond ten days, which includes but is not limited to classes and activities, is an expulsion from school.

It shall be within the discretion of the board to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

It shall be within the discretion of the superintendent to recommend to the Board the expulsion of a student for disciplinary purposes. Only the board may take action to expel a student and to readmit the student. The principal shall keep records of expulsion in addition to the board's records.

FIGHTING

Definition: Fighting consists of two or more persons engaged in any fight or violence toward each other in any angry or quarrelsome manner. (Policy No. 503.1R2)

Fighting is extremely disruptive to the atmosphere of the entire educational setting; it is dangerous to the students directly involved; it is potentially dangerous to students and staff who may be in the area; and it is dangerous to those individuals who assist in stopping the actions of those involved.

Whenever possible, staff should do everything possible to avert a physical confrontation. However, when such an incident occurs, as administrators, we will proceed with the following steps to insure appropriate action has been taken and such action is appropriately documented for future reference:

- Determine all students who are actively involved in the incident.
- Review student discipline data regarding previous incidents of physical violence.
- Notify parents of students involved.

FIRST FIGHT

- Student is suspended 5 days.
- Parents are given the option of out of school suspension or alternative suspension program.
- A fighting contract is signed by student, parent, guidance counselor, and administrator. The fighting contract documents the date of the incident, suspension dates, and indicates all parties understand the school policy should a future incident occur. Copies of the contract will be provided to all parties.
- Counseling service information is available for parents if services are requested.
- Law enforcement may be involved at the request of either party or the school.
- Student may be criminally charged as according to Iowa Code
- Student may be placed on a Juvenile Court Diversion Contract that monitors student behavior and may include request for counseling services
- An Intake meeting with building administration is held upon students return to the building.

SECOND FIGHT

- The signed fighting contract is reviewed with the student and parent.
- Student is suspended from school until a discipline hearing is held with the Southeast Polk School Board.
- Parents are given the option of out of school suspension or alternative suspension program.
- Counseling service information is available for parents if services are requested.
- Law enforcement will be involved at request of the school and available to all parties.
- Student may be criminally charged as according to Iowa Code
- Student may be placed on a Juvenile Court Diversion Contract that monitors student behavior and may include request for counseling services

GANG POLICY

This board believes that the presence of gangs and gang activities has caused, and continues to cause, a substantial disruption of or material interference with school and school activities. A gang, as defined in this policy and under Iowa Code 723A, means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities, the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity. The pattern or gang activity means the commission, attempting to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of, or belong to, the same criminal street gang. By this policy, the board of directors acts to prohibit the existence of gangs and gang activities as follows:

No student on or about school property or at any school activity:

Students who feel that they have been harassed should:

This prohibition includes look alike substances that appear to be tobacco, vapes or electronic cigarettes, alcohol, or other controlled substances possessed by students on school district premises or on property within the jurisdiction of the school district, or at any school sponsored activity on or off school district property.

Student violation of this policy will result in disciplinary action including possible suspension or expulsion. HEALTH

FOOD IN THE CLASSROOM

Students are not to bring food or drink to class at any time, except bottled water. All food or drink must stay in the commons. It is distracting to the teaching and learning process to have food or drink in the class. Special circumstances may exist at certain times during the school year when the teacher may submit a request to the principal for an exception to this procedure.

HEALTH PROCEDURES AND PROTOCOLS

Due to the COVID-19 global pandemic, Health Procedures and Protocols will be updated based on recommendations from the Polk County Health Department, Iowa Department of Public Health, CDC, and Iowa Department of Education as guidance becomes available and prior to the 2020-2021 school year.

IMMUNIZATIONS

Iowa law requires evidence of immunization before any student, preschool through 12th grade, can be enrolled in the Southeast Polk Community School District. A certificate documenting the required immunizations must be on file at school for each student. The certificate may be obtained from your doctor's office or from the school nurse. Students with immunizations partially completed will be issued a provisional certificate allowing an additional 60 days to complete the remaining immunizations.

Students transferring from another school system may be granted provisional enrollment, as well. If, at the end of the provisional enrollment period, the student has not submitted a Certificate of Immunization, the student may be excluded from the total school program. The student will be re-admitted when the school has received a validated Certificate of Immunization.

TESTING AND PHYSICAL EXAMINATION

Hearing tests are conducted by audiometrists from Heartland Area Education Agency every year for preschool through 5th grade, and children with a recent history of hearing loss. Students who do not pass the initial screening will receive a second screening, and perhaps additional testing by an audiologist. Parents will receive a written report of test results only if abnormal, after the second stage testing. Please notify your school nurse prior to the screening dates if you do not want your child tested.

The speech-language pathologist conducts communication adequacy screenings for students PK through 6th grade during the school year at a teacher or parent's request. Parents or guardians will be contacted if there are any concerns about a child's communication skills.

An authorized health care provider's examination is requested of all children entering preschool, kindergarten, and 7th grades. This physical can be back-dated to one year prior to enrollment. The preschool and kindergarten physicals can be on any health care provider physical form or the form supplied by the district. The 7th grade physical is required to be on the Iowa Athletic Pre-Participation Physical Examination form. In addition, any student entering 7th - 12th grades who will be participating in any school-sponsored activity, is required to have a current physical examination on file with the activities office. Families without access to health insurance or who do not currently have a medical home are encouraged to speak with the school nurse or guidance counselor for additional resources.

Students entering kindergarten and 9th grade are required to show verification of a dental screening. For incoming kindergarten students, a screening that is done between the ages of 3 and 6 is acceptable. For incoming 9th graders, a screening completed within one year prior to enrollment is acceptable. A dentist, dental hygienist, physician, physician assistant, or nurse may provide screening for kindergarten students. A dentist or dental hygienist may provide screening for the 9th grade requirement.

Students participating in athletics are required to provide a school district physical examination form signed by the student's doctor stating the student is physically fit to perform in athletics prior to the start of the sport. Physicals are good for 13 months and should be turned into school office. Failure to provide proof of a physical examination makes the student ineligible to participate.

Families without access to health insurance coverage for their children or who cannot afford to pay for a physical exam are encouraged to contact the school nurse, counselor, or coach.

MEDICATION ADMINISTRATION

- Only medications prescribed by an authorized health care provider will be given in school. This means that medications such as headache, cold and stomach remedies, cough medications, cough drops or any other drug purchased without a written prescription cannot be given unless accompanied by an authorized health care provider order. Only medications with a dosage schedule that cannot be adjusted for before or after school hours should be given during the day. Secondary students, grades 6-12, may be given up to 5 doses acetaminophen or Ibuprofen only with parental permission, per written medication policy.
- Medication must be brought in a container appropriately labeled by the physician or pharmacist or in the original container in which the medication was packaged. The pharmacy will, for a nominal charge, provide parents with a separately labeled bottle to send medication to school. All medications must be brought to and from school by the parent/guardian or an adult designated by the parent/guardian.
- Medications will be kept in the nurse's office and dispensed from there. No medications are allowed in students' bags, desks, or lockers. Exception is made for inhalers used for asthma or other respiratory conditions and epi-pens for self-administration due to allergic reactions. Students may carry the inhalers and epi-pens with them and use as needed with written parent and authorized health care provider consent.
- Written parent consent is required for administration of all medications at school. The Medication Authorization form is available on the district website and in the nurse's office.

HEALTH INSURANCE FOR CHILDREN

Parents can apply for low- or no-cost health insurance for their children through the state's Healthy and Well Kids in Iowa Program (HAWK-I) or Children's Health Insurance Program (CHIP). Children birth to 19 years who meet certain criteria are eligible. The coverage includes doctor's visits, hearing services, dental care, prescriptions, immunizations, physical therapy, vision care, speech therapy and hospital services, to name a few. Parents are urged to call 1-800-257-8563 (toll-free) or go to the web site at <https://dhs.iowa.gov/hawki> for more information.

SEVERE ALLERGIES

If your student has a severe allergy PLEASE make sure you communicate the information to your school nurse. The school nurse will work with you to develop an individual health plan, and if needed an emergency response plan, for your student.

BAN OF HOME-BAKED GOODS

Students, parents and staff do not bring home-baked goods to school for the consumption by Southeast Polk students.

- Students and teachers do not bring home-baked treats/snacks for classroom celebrations, projects, etc.
- Cheerleaders (and others) do not bring home-baked treats for athletes and participants in other school events as spirit activities.
- Groups do not hold sales of home-baked goods for general distribution to Southeast Polk students and families.
- Only store-bought, individually wrapped goods are used for these purposes. Only foods made in kitchens regularly inspected by state/county health departments are excluded from the store bought, individually wrapped requirement.

Team potlucks are not affected by this policy, as they are attended voluntarily.

ACCIDENTS AND ILLNESS AT SCHOOL

When a child becomes ill or has an accident at school, parents may need to be notified. It is very important that the emergency contact information be as accurate and complete as possible. When there is a change in address, parents MUST contact the school office to update that information. Updates to phone numbers and email addresses can be made by the parent in the Campus Portal. No child is sent home until arrangements have been made. In cases where parents cannot be contacted, the school will contact the listed emergency contact. If no one can be reached and in extreme emergencies, the student will be transported to the nearest physician or hospital by the most appropriate transportation available. All information regarding your child's health will be shared with the necessary staff involved with your child unless otherwise specified.

P.E. AND ACTIVITY REQUEST

Parents sometimes request that a student not participate in P.E. However, a child well enough to attend school should be well enough to participate fully in all school activities, including P.E. Requests to not participate in P.E. must be accompanied by a doctor's note. In addition, in the event of an injury, surgery, or other medical procedure or condition, it is requested that a medical release signed by the health care provider (MD, DO, ARNP, or PA) be turned into the school indicating the okay to return to school, PE, or other activities.

STUDENT ASSISTANCE PROGRAM

The Board of Education provides a counseling service for students and their families who may be having problems which affect the student's behavior and performance at school. The service is confidential and available to students and their parents at no charge.

This service provides students with the opportunity to obtain appropriate assistance in evaluating and dealing with problems. Parents are encouraged to call their guidance counselor if they perceive a need for counseling for either the child or the family.

TRANSPORTATION

BUS RIDING GUIDELINES

Riding a school bus is an important aspect of the school day for many Southeast Polk students. Bus transportation is a privilege which can be terminated for students who cannot abide by the established school bus regulations. Information regarding behavior expectations and consequences can be found on the district's website District | Board of Education | Policies - 712-02, 712-02R1, 712-02R2

BASIC RULES FOR BUS RIDERS

For the safety of all, bus riders are expected to adhere to the established behavior guidelines when riding the bus. When each bus rider behaves, then the driver will safely complete their responsibility. If inappropriate behavior occurs, the driver could be distracted and then all riders would be unsafe. The bus rules are all important and will be enforced.

- Remember, the bus is an extension of the classroom.
- Always follow the driver's instructions the first time.
- When available, seat belt use is required for all students.
- Remain seated while on the bus.
- Keep noise to a minimum. Use "indoor voices" and do not yell.
- The use of profanity, name-calling and disrespectful gestures is not permitted.
- For your safety, keep all parts of your body inside the bus.
- Do not eat or drink on the bus. This includes candy and gum.
- Treat the school bus with respect. Put litter in the trash can. Any damage to the bus will be billed to the parent or guardian.
- Do not fight, horseplay, push, or throw things on or around the bus.
- Students may only ride the bus they are assigned to.
- The bus driver reserves the right to confiscate any electronic device that causes a distraction or a disruption on the bus. The item will be returned at a later time.

Items that are deemed dangerous or distracting (including cell phones) will be given to the driver upon request and returned after route to the student or administrator.

BUS SURVEILLANCE

In an effort to increase the safety of transporting students to and from school, the district employs a system of 'bus-cams' to record student behavior on buses. This may be done in a random manner, and parents and students are advised this may be employed on all buses throughout the school year. All video will be handled as any other student records, according to the Privacy Act and viewing of these video is limited to individuals having a legitimate educational purpose. A log will be kept of those individuals viewing the video.

BUS ROUTE PLANNING

Bus drivers operate on a timed schedule, although in some occasions they may deviate from this schedule because of road conditions or weather. Students need to be ready, watching and waiting for the bus five minutes early. The bus will NOT wait for students. The bus stop is completed once the bus stops and opens the door, there is no wait time. To help buses stay on schedule, call the transportation office if a student will not be riding.

Students may only ride the bus to the stop they are assigned to. There are no bus passes which allow students to ride another bus or with friends.

Parents are reminded that they are responsible for the appropriate behavior of their children at the bus stop. Homeowners near a bus stop have a right to expect that their property will be free of damage.

FEE-BASED TRANSPORTATION PLAN

Fee-based transportation service is available to students who reside within the 2-mile distance from K-8 school buildings and within the 3-mile distance from the 9-12 school building. Students who reside within these limits and wish transportation services will be charged an annual fee of \$180.00 per student or two payments of \$90.00 per semester. No multiple transportation fees will be charged.

- Students who are picked up or dropped off at more than one stop will be charged an annual fee.
- Any student who lives less than 10 blocks from school and has access to sidewalks will not be provided service.
- Multiple address, open enrolled, and parent-waivered students will be assessed a fee to ride the bus.
- Any student who has signed up for busing and not paid the transportation fee will be turned over for collection of their payment.

- If a student uses a daycare, the transportation fee may still be charged, if the residence meets the first requirement.
- Further information may be obtained by calling the Director of Transportation, 967-3793.

CAR REGISTRATIONS/PARKING

Parking on school property is a privilege afforded to students. Certain conditions are attached to that privilege. Students who fail to uphold those conditions will be subject to loss of parking privileges. The conditions which must be complied with are as follows:

1. All students who drive to school MUST register their vehicles EVERY school year and display the new tag for the current year.
2. Students must pay a \$30 parking fee (\$15 per semester) at the time of registering their vehicle. Any vehicle parked on school property by a student must be registered. Parking on school property without registering or paying this fee will result in a fine. Students may also purchase a second semester parking pass for \$15 beginning in January.
3. JUNIORS AND SENIORS may park in the two student lots located to the WEST of the high school on a first-come, first-serve basis.
4. Overflow parking for juniors and seniors, as well as ALL PARKING FOR LICENSED UNDERCLASSMEN, will be in the lots to EAST of 80th street.
5. Students are permitted to park their vehicles only in student parking areas designated by their parking tag. Students are not allowed to park in staff designated lots or designated visitor areas.
6. All vehicles will be parked within the lines defining a parking space – a line must be visible on BOTH sides of your car. Parking is not permitted on curbs, bus lanes, handicap parking spaces, fire lanes, visitor parking, staff areas, walkways, sidewalks, medians, on grass, on or adjacent to snow piles (in winter), or at the end of a row. Parking in these areas will result in a suspension of parking privileges or a fine as determined by administration. The administration also reserves the right to remove parking privileges of habitual offenders.

Major offense = one week suspension of parking privileges or \$20 fine

7. Fines may be issued under the following circumstances:

Parking on campus without displaying the parking tag on a registered vehicle:

Initial offense Warning

Subsequent offenses \$5

Parking on campus without registering vehicle and paying parking permit fee \$10 + parking permit fee

8. Responsibility for finding an authorized parking space rests with the operator. Lack of space in a certain area is not considered a valid excuse for violation of these regulations.
9. Parking on school grounds while parking privileges are suspended is a violation and will result in additional consequences.
10. Southeast Polk has the authority to deny future use of Southeast Polk High School parking facilities to habitual parking violators. The registered holder of a parking tag, regardless of who drives or parks the vehicle, is at all times responsible for the vehicle.
11. Maximum speed limit is 15 mph. Speeding or careless driving around the school is prohibited and will result in loss of school driving privileges.
12. When on school property, buses have the right-of-way. Do not CUT BETWEEN or PASS the buses when they are in the parking lot.
13. Upon arrival at school, students are expected to park their cars immediately. No joy riding is permitted on campus.
14. Going to or sitting in cars during school hours is prohibited. Extra trips to the parking lot require a parking lot pass available in the assistant principals' office. A student may receive one parking lot pass each semester.

Students are to obey all traffic signals, signs, and markings on campus. Speeding or reckless driving is prohibited. Parking lot rules are intended to provide safety for all students and help eliminate unauthorized persons and/or vehicles. School administrators and/or designated representatives possess the authority to conduct a reasonable search of student automobiles when on school property and/or on property being used by the school. Students who fail to follow the rules set by the administration may have the privilege of driving a motor vehicle removed and may also be subject to a fine or additional discipline.

CARE OF SCHOOL PROPERTY/VANDALISM

Students are expected to treat school property with care and respect. Students found to have deliberately damaged or destroyed school property will be required to reimburse the school district, as well as be subject to additional discipline. In the discretion of the administration, such students may be turned over to local law enforcement officers.

CELL PHONE POLICY

Cell phones are to be turned off and are not to be utilized during classes. Students may use their phones during passing periods, lunch, and non-instructional time as long as they do not cause a disturbance to the educational environment. If students are found in violation of the policy, then the staff member will confiscate the phone and turn it in to the office. The following consequences are on a yearly basis for students who use their phones during class or if their usage causes an undue disturbance to others:

- 1st offense: The student may pick up the phone at the end of the day
- 2nd offense: The student will serve a two hour detention. The phone is returned at the end of day. The student's guardian(s) may pick up the phone at the end of the day in lieu of consequences.
- 3rd and subsequent offenses: The student will serve a Saturday school detention.

Consequences must be served within the time frame determined by the administration during the student conference. On the third and subsequent offenses, the phone may be held until after the student serves the consequence. The phone may also be returned to a guardian at his/her convenience.

Cell phones have the capability of capturing audio, video, and still photographs. The regulations for this aspect of cell phone usage are listed in the Electronic Devices policy.

COMPLAINTS AND GRIEVANCES

It is the goal of the district to resolve student complaints and grievances at the lowest level. Students are encouraged to address problems with their teachers or other licensed employees, other than the administration, for resolution of the complaint. If the complaint cannot be resolved by the teacher, the student may discuss this matter with the principal; the student may discuss it with the superintendent within 10 days after speaking with the principal.

TECHNOLOGY USER AGREEMENT

The district encourages the responsible use of technology-based tools and information resources by students. These resources include district-provided computers, productivity software tools, instructional software, networks, electronic media, and telecommunications tools, such as access to Internet resources. These district-provided resources and tools are the property of the district and are provided solely for the advancement and promotion of learning and teaching. The use of these resources will be consistent with the district's educational vision, mission and core values, as well as state and federal laws and regulations.

Access to district networks and electronic information resources is a privilege and not a right, and will be provided for the student as is appropriate to the school building and grade level. Students are to use district technology and communications resources at times and locations where they are directly or indirectly supervised by district staff. Students may be given access to Internet resources external to the district without specific parent/guardian permission.

COMPUTER AND INTERNET RULES

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege – not a right.

Individual users of the district computer networks are responsible for their behavior and communications over the networks. Individual users of the district computer networks are responsible for their behavior and communications over the networks. It is presumed that users will comply with district standards and acceptable use policy. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals utilizing the network. Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on the district servers will always be private.

Within reason, freedom of speech and access to information will be honored. The following is not permitted:

- Sending or displaying offensive messages or pictures
- Using obscene language

- Harassing, insulting or attacking others
- Damaging computers, computer systems or computer networks
- Violating copyright laws

However, it may disseminated on school grounds subject to the following conditions:

- The publication is distributed before or after school or within the cafeteria/ commons area during the lunch periods.

The place of activity shall be reasonably restricted to permit the normal flow of traffic within the school and at exterior doors. The manner of conducting such activity shall be restricted to prevent undue levels of noise or to prevent the use of coercion in obtaining signatures on petitions. (The danger of littering is not a sufficient ground for limiting the right of students to distribute printed material.)

The school shall require that all printed material and petitions distributed or circulated on school property bear the name of the sponsoring organization and the name of one individual of such organization.

SEP_PUBLIC WIRELESS ACCESS

The SEP_Public network will allow internet access through your personal electronic devices. The SEP_Public network is designed as a separate network which should not interfere with normal student and staff access to our school network or the internet. A password is not required for your use. Your personal device should recognize the network and allow you to join the SEP_Public network.

In conjunction with opening the SEP_Public network, we take the opportunity to inform, and remind, students and parents of our Electronic Use Policy. The intent is to provide personal electronic device access to the internet for students and visitors without disrupting our school environment. Teachers will maintain discretion regarding the use of personal electronic devices during class time.

ELECTRONIC DEVICES

Electronic devices may be used during passing periods, lunch, study hall, and non-instructional times. It shall be understood that usage of an electronic device is an individual act. More than one student using an electronic device is considered to be a violation of this policy. Examples of approved electronic devices include, but are not limited to: (laptop computers, tablet computers, cell phones, iPods, MP3 players). The following electronic devices are not approved and should not be brought to school: (Laser pointers, television sets, and similar devices). Students assume the risk of loss or damage to their personal property when they bring it to school. Southeast Polk will not provide technical support for personal electronic devices.

The classroom teacher will make the individual determination if personal electronic devices will be incorporated into classroom instruction. The decision will be based on the instructional activity and the instructional value of personal electronic use for the activity. All digital storage devices are subject to school rules. If used at school, staff may inspect them and may examine files for possible violations. Content stored digitally should not be considered any different from content in print.

Video recording and taking photos are strictly forbidden in certain locations (e.g., locker rooms, restrooms, etc.) whether the device be a camera or part of a cell phone. In other locations, students must obtain permission from the administration or a teacher before capturing video, audio, or photos on school property (except for during public events such as games and concerts). Posting damaging video or pictures taken on school grounds to social media web-sites is also prohibited. Students found in violation of this portion of the electronic devices policy are subject to consequences up to expulsion and potential criminal charges.

GIFT DELIVERY

We request that flowers, balloons and similar items not to be delivered to students at the high school. These gift deliveries disrupt work and learning at the school. It should be noted that for each student receiving a delivery there are many who do not. These gift deliveries are best handled at the student's home. Thank you for your cooperation.

HEADWEAR

Students are expected to remove hats, caps, head coverings, the hood from hooded sweatshirts, and other headgear while in the building. Occasional exceptions could be made for religious, cultural, and/or medical reasons on a case-by-case basis.

HIGH SCHOOL DANCES

High school dances are for intended for students attending high school in the district. This includes homecoming, winter formal, and prom. Junior high students and people over the age of 20 are not welcome participants at high school dances and should not attend. Students may bring a guest that does not attend Southeast Polk by first securing the proper approval from either the dance sponsor or the administration.

INTERVIEWS BY OUTSIDE AGENCY

Generally, students may not be interviewed during the school day by persons other than parents and school district officials and employees. Requests from law enforcement officers and those other than parents, school district officials, and employees to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal to determine whether the request will be granted. Prior to granting a request, the principal shall attempt to contact the parents to inform them of the request and to ask them to be present.

LOCKERS

Each student will be assigned a hall locker. These lockers are for the use of the student during the school year but remain, at all times, the property of the school district. Students are to use their assigned lockers and keep them neat. Sharing lockers is not allowed. School administrators and/or designated representatives possess the authority to conduct a reasonable search of student lockers periodically.

All theft or vandalism is to be reported to the appropriate administrator. DO NOT ASSUME that your locker is a safe place. The district is not responsible for lost or stolen property from a school locker. Keep all items of value and cash

with you at all times. Keep your lockers locked and keep your combination confidential!

PARENT COMMUNICATION COUNCIL

To emphasize the cooperation and communication among staff members, students and community, Parent Advisory Councils have been established for each respective building. Parental input in the decision-making process is paramount if the administration and staff are to enlist the support of the citizenry in working toward common goals.

PUBLICATIONS

Students shall be free to express themselves in school-sponsored publications except for the following restrictions:

- Students shall not publish or distribute materials which are obscene, libelous, or slanderous.
- Students shall not publish or distribute materials which encourage students to commit unlawful acts, violate lawful school regulations, or cause material and/or substantial distribution of the orderly operations of the school. Within these guidelines, advisors and student staff shall maintain professional standards of English and journalism when choosing which information to publish in school-sponsored publications.

SEARCH AND SEIZURE

School district property is held in public trust by the board. School district authorities may, without a search warrant, search students, student property on their person including cell phones, student lockers, desks, work areas or student vehicles based on a reasonable suspicion that a school district policy, rule, regulation or law has been violated. The search shall be in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the school district facilities.

School authorities shall seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband shall include but are not limited to nonprescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, weapons, explosives, poisons, and stolen property. The board prohibits the use of tobacco and prohibits the possession, use, or being under the influence of beer or alcohol, other controlled substances, or look alike substances that appear to be tobacco, beer or alcohol, or controlled substances by students. Such items are not to be possessed by a student anywhere at school district facilities or at school-sponsored, school-approved,

or school-related activities. Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be grounds for reporting to local law enforcement officials.

The board believes that illegal, unauthorized, or contraband materials cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors on the school district premises or property within the jurisdiction of the school district.

I. SEARCHES, IN GENERAL

- A. Reasonable and Articulate Suspicion: A search of a student will be justified when there are reasonable grounds for the suspicion that the search will turn up evidence that the student has violated or is violating the law, rules, or regulations affecting school order.

Reasonable suspicion may be formed by considering factors such as the following:

1. Eyewitness observations by employees;
2. Information received from reliable sources;
3. Suspicious behavior by the student; or,
4. The student's past history and school record although this factor alone is not sufficient to provide the basis for a reasonable suspicion.

Reasonable Scope: A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be determined based on factors such as the following:

1. The age of the student;
2. The sex of the student;
3. The nature of the infraction, and
4. The exigency requiring the search without delay.

II. TYPES OF SEARCHES

- A. Personal Searches

1. A student's person and/or personal effects (e.g., purse, backpack, etc.) may be searched when a school authority

has reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations, or the law affecting school order.

2. Personally intrusive searches will require more compelling circumstances to be considered reasonable. a) Pat-down Search: If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex and with another adult witness of the same sex present, when feasible. b) A more intrusive search of the student's person is permissible in emergency situations when the health and safety of the students, employees, or visitors on the school premises or property within the jurisdiction of the school district or at school-sponsored or school-approved events are threatened. Such a search may only be conducted in private by a school official of the same sex, with an adult of the same sex present, unless the health or safety of students will be endangered by the delay which may be caused by following these procedures.

B. Locker Searches

Maintenance Searches: Although school lockers are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in insuring the lockers are properly maintained. For this reason, a periodic inspection of lockers is permissible to check for cleanliness and vandalism. General maintenance inspections may be conducted by school authorities with at least twenty-four hours' notice to the student, without the student's consent, and without a search warrant. Any contraband discovered during such searches shall be confiscated by the administration. The administration shall attempt to correct the problem through counseling, parental involvement, medical referrals, or other such referrals depending on the severity of the situation.

No Maintenance Searches: The student's locker and its contents may be searched when a school authority has reasonable suspicion that the locker contains illegal or contraband items. Such searches should be conducted in the presence of another adult witness when feasible.

Automobile Searches: Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of the student parking lots. The interior of a student’s automobile on the school premises may be searched if the school official has reasonable suspicion to believe that illegal, unauthorized, or contraband items are contained inside.

Canine Searches: The school reserves the right to implement canine searches including but not limited to lockers, book/duffle bags and vehicles on school property. This follows: the locker assigned to a student is not the student’s private property or his/her exclusive possession and may be opened and inspected by school authorities at any time with reasonable cause.

SEXUAL ABUSE, ASSAULT, HARASSMENT

Sexual violence in any form can be detrimental to children and can have long lasting health effects. Such violence can be defined as:

Sexual abuse refers to forced or coerced sexual behavior that may occur more than once, often within a trusting relationship.

Sexual assault is any forced or unwanted sexual contact or activity that occurs as a single incident as opposed to ongoing sexual abuse that may continue over time.

Sexual harassment is unwelcome visual, verbal, or physical conduct of a sexual nature. There are two types of harassment: when a person in authority demands sexual favors in return for a benefit for the child or your or when a child or youth is subjected to sexual conduct that creates an offensive, hostile, or intimidating atmosphere.

For more information refer to A Guide for Parents and companion documents.

STUDENT APPEARANCE

Clothing or other apparel promoting products which are illegal for use by minors such as alcohol, tobacco, vapes or electronic cigarettes, or drugs are not appropriate. Clothing displaying obscene material, profanity, or reference

to subversion are also not appropriate. While the primary responsibility for appearance rests with the students and their parents, the administration reserves the right to judge what is proper and what is not. When, in the judgment of a principal, a student's appearance or mode of dress disrupts the educational process, or constitutes a threat to health or safety, then the student may be required to make modifications.

TELEPHONE CALLS

Students may use the office phone for emergency calls after first obtaining permission from the secretary or principal. Students receiving telephone calls will have messages forwarded to them. Only in an emergency will the student be called to the phone.

TESTING

A comprehensive testing program has been established to evaluate the educational program and to assist in providing guidance or counseling services to students and their families. No student shall be required, as part of a program funded by the United States Department of Education, to submit without prior written consent from the student's parent, to psychiatric or psychological examination, testing or treatment, in which the primary purpose is to reveal information concerning:

- Political affiliations;
- Mental and psychological problems potentially embarrassing to the student or the student's family;
- Sex behavior and attitudes;
- Illegal, anti-social, self-incriminating and demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships.
- Legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- Income, but not including income required by law to determine eligibility for participation in a program or for receiving financial assistance under such programs.

SAFETY

EMERGENCY DRILLS

Emergency drills including those for fire, weather, and security will be conducted periodically throughout the school year.

FIRE DRILL PROCEDURES

Signs are posted in each room indicating where students and personnel should exit the building and relocate in a safe location. Instructors will then lead the students to the assigned areas and the students will follow these directions:

- Close classroom doors.
- Move quickly and quietly to your assigned exit.
- Students must move to the grass; this is an absolute must.
- Exits must be clear so emergency vehicles can pull up to doors.

TORNADO PLAN

Signs are posted in each room telling where students and personnel are to seek shelter. Instructors will then lead the students to the assigned areas and the students will follow these directions:

- Take a seat on the floor.
- Place book or hands over head
- Put head down
- Keep calm and do not panic

WEATHER AND EMERGENCIES

In event of any emergency such as storms, bad roads, power or heating failure, water system failure, or other emergency, parents are reminded to maintain current contact information in Infinite Campus. In an emergency, parents will be contacted via email, phone, and/or text. Information will also be posted on the website.

- When school is cancelled, delayed or dismissed early, parents will be notified via email, phone, and text notifications made through Infinite Campus.
- School cancellation, delay, and early dismissal information will also be broadcast, on local radio and TV stations.
- If a delay occurs, information will be posted and distributed in the same manner.
- If school is in session and an emergency occurs, students will be transported as soon as possible following the incident.
- In the event of an emergency, parents are requested not to call the school, but monitor the website, email, and text messages.

STUDENT ACTIVITIES

ACTIVITIES POLICY

Students are in school, first of all, to obtain an education. An extra-curricular program has a proper place in the Southeast Polk Community Schools only when it has an educational function. Participants who represent their school in such programs must keep in mind that they are in the public eye and that their personal conduct reflects on others. The student has an obligation to develop a favorable image, and maintain the respect of his/her teammates, student body, and community in order to represent the school. All qualified students are not only invited but encouraged to participate in the extracurricular activity program of the school. With this participation comes a responsibility which the student agrees to assume and which has been alluded to in the statements above.

To provide greater clarity and avoid future misunderstanding, there are rules which representatives of school must follow which exceed requirements of other students. Failure to follow these rules may be cause to forfeit a student's opportunity to participate. Some specifics are listed as follows:

- A. Southeast Polk follows the guidelines set by the Department of Education and the organization which comprise the Iowa High School Unified Activities Association for participation in interscholastic events.
- B. Students are free to make their own selection of the activities in which they participate, within the guidelines set by the Activities Department.
- C. Heads of the various activities are responsible for selecting those who will represent the school in public performances and interscholastic competition.
- D. A student may participate in only one school sponsored athletic activity during a sports season.
- E. When dropping, or being dropped, from an activity the student will:
 - 1. Notify the coach/director immediately.
 - 2. Turn in all school gear/equipment immediately or at the direction of the coach/director.
 - 3. Not be allowed to participate in another activity until all current obligations are met including equipment and fees.

4. Not be allowed to practice in another sport or activity until the former has been completed, unless they have the consent of both coaches/directors and the Activities Director.
- F. Students must have a current physical. The physical form also includes a section which allows the parent/guardian to indicate insurance coverage and give consent for participation in athletic activities.
- G. Participants in the Southeast Polk Activities program will be considered good will ambassadors for the district. The participant will:
1. Conduct themselves in a manner which will be a credit upon themselves, their family, team/group, community, and school.
 2. Dress in manner that will bring credit as described above. The director/coach is responsible for student appearance and dress.
 3. Demonstrate proper behavior and obey bus rules.
 4. Return from all out-of-town contests with their squads and by school-arranged transportation. Exceptions can be made by completing a Travel Excuse Form with the Activities Office prior to departure. Please do not make requests to simply ride home with parents or friends without good reason.
 5. Agree to pay any damages to buses caused by inappropriate behavior, at the risk of being dismissed from the activity.
- H. If a student participates in more than one activity at the same time, the coaches/director of the activities involved will meet and make every attempt to resolve conflicts. If circumstances warrant, the following precedents will be followed:
1. State competition over regional/sub-state
 2. Regional /sub-state over district
 3. District over conference
 4. Conference over varsity regular season
 5. Varsity regular season over sub-varsity
 6. Event/contest over practice
 7. School over no-school
- I. Cheerleading, RhythAMettes, and RhythAMen are classified as activities, not athletics. Students may compete in one of these

activities at the same time as an athletic activity, provided that practices are not held at the same time, and both head coaches agree to dual participation by the student. If circumstances warrant, the precedents listed above will be followed.

- J. Should concerns with a program surface, the following levels should be followed in prescribed order;
 - 1. Level 1 - Student and coach/director
 - 2. Level 2 - Student, parent, and coach/director
 - 3. Level 3 - Student, parent, coach/director and Director of Activities
 - 4. Level 4 - Student, parent, coach/director, Director of Activities and principal
 - 5. Level 5 - Student, parent, coach/director, Director of Activities, principal, and superintendent.
- K. Students are not allowed to use school facilities or equipment without faculty or staff supervision. This includes, but is not limited to, the gymnasiums, auditorium, practice areas, outdoor fields, and locker and training rooms. When staff attendance is required at in- service or other school-related meetings, supervision of students must be arranged and approved by Director of Activities.

ACTIVITIES-SUSPENSION

Students suspended in-school or out-of-school are not eligible to represent their school in any sport or activity for the duration of their suspension. Students who are assigned to In-School Suspension may practice but not participate in games, shows, contests, etc. Students who are assigned to Out-of-School Suspension are not to be on the campus and therefore may not practice, participate or attend meets, games, shows, contests, events, etc.

Student eligibility is reinstated when the suspension time is over, if that student has been in attendance at school for five periods during the eight period day. In the case of a student who has been in ISS, the suspension time is ended at the end of the last school day ISS is served. Therefore, that student will be eligible to participate in shows, contests, games, etc. the same date. If a student has been suspended out-of-school, that student will not be eligible to participate on the same date because of not meeting the requirement of a minimum of five periods of school attendance on the date of the event. That student will be eligible to participate beginning the day following that end of the out-of-school suspension.

The requirements are those established by the Southeast Polk Code of Good Conduct. In order to be academically eligible, an athlete must pass ALL full-time academic courses (including P.E.). PUBLIC CONDUCT ON SCHOOL PREMISES

Extracurricular activities are an important part of the school program. Extracurricular activities offer students the opportunity to participate in a variety of activities not offered during the regular school day. Extracurricular activities are provided for the enjoyment and opportunity for involvement they afford the students.

Spectators are permitted to attend extracurricular activities only as guests of the school district, and accordingly as a condition of such permission, they must comply with the school district's rules and policies. Spectators will not be allowed to interfere with the enjoyment of the students participating, other spectators or with the performance of employees and officials supervising the extracurricular activity. Spectators, like the student participants, are expected to display mature behavior and sportsmanship. The failure of spectators to do so is not only disruptive but is embarrassing to the students, the school district, and the entire community.

To protect the rights of students to participate without fear of harassment and to permit the sponsors and officials of extracurricular activities to perform their duties without interference, the following provisions are in effect:

- Abusive verbal or physical conduct of spectators directed at participants, officials or sponsors of extracurricular activities will not be tolerated;

- Verbal or physical conduct of spectators that interfere with the performance of students, officials or sponsors of extracurricular activities will not be tolerated; and
- The use of vulgar or obscene language directed at students, officials or sponsors participating in an extracurricular activities will not be tolerated.

If a spectator at an extracurricular activity becomes physically or verbally abusive, uses vulgar or obscene language, or in any way impedes the performance of an activity, the school administrator may recommend the exclusion of the spectator at future extracurricular activities.

Upon recommendation of the school administration, the board shall cause a notice of exclusion from extracurricular activities to be sent to the spectator involved. The notice shall advise the spectator of the district's right to exclude the individual from the district activities and events and the duration of the exclusion. If the spectator disobeys the district's order, law enforcement authorities will be contacted and asked to remove the spectator. If a spectator has been notified of exclusion and thereafter attends an extracurricular activity, the spectator shall be advised that his/her attendance will result in prosecution.

SOUTHEAST POLK PLAYERS HIERARCHY/TEAM RESPONSIBILITIES

As we strive for excellence in education we try to implement the following team responsibilities. Hopefully by doing this the best environment possible will be created.

Athletic teams will be of such size as to allow participation within the limitations of facilities, equipment, scheduling, and coaches.

To all parents and players

The athletic program is one which affords every girl/boy in Southeast Polk Junior High and High Schools the opportunity to learn the game and to develop skills for the sport. The varsity sport program is for those who are most talented. Intramurals provide for equal participation. Based on the player's attitude, abilities, performance in practices, and the judgment of the coach, some players will participate in games more than others.

Any player in grades 9 through 12 is eligible for junior varsity and/or varsity competition. Only 9th grade students may participate on the freshman team level. Both 9th and 10th grade students may participate at the sophomore level. Students may be able to participate at a higher level of competition only if it benefits both the individual and the overall program.

HIERARCHY/TEAM RESPONSIBILITIES

I. Junior High Athletics

Participation is the key ingredient for students at this age. Students should be encouraged to become involved in various athletic and non-athletic activities, and not specialize in one activity. Preparing these students for the competition they will experience at the high school level is also paramount to the success of the entire athletic program. Equal playing time cannot be guaranteed at the junior high level. Every opportunity, however, will be taken to provide playing experiences to all participants. Due to high participation rates in most activities in relation to the number of performance opportunities, availability of facilities, transportation, and other factors, athletes will be grouped according to skill level and ability. Interscholastic competition, tournaments, scrimmages, intramurals, and other forms of competition will be scheduled for participants based on skill level and ability. Travel teams in junior high may also be established based on these factors. As the primary emphasis is based on participation at the junior high level, we also must address the competitive needs of the student by creating experiences appropriate for their age, skill level, development, and expectations that await them at the high school level.

II. High School Athletics

Southeast Polk is affiliated with the 18-Member Central Iowa Metropolitan League (CIML) and the Eastern Division of the CIC, which consists of Ankeny, Ankeny Centennial, Waukee and Southeast Polk. Central Conference teams have an established athletic tradition. Competition for more advanced individuals plays an important role in the high school athletics program. Participation opportunities are still provided for players of different skill levels, especially at the 9th grade and junior varsity level. Starting at the sophomore level, athletic competition becomes more specialized, expectations increase, and playing opportunities become more limited. Participation and playing time is not guaranteed. The number of participants on high school athletic teams will be based on State regulations regarding squad size and schedule limitations, in addition to local concerns regarding facility and transportation availability, financial impact, safety, instructional quality and program manageability.

III. High School Activities

High school performing and fine arts students compete and participate at the local, conference, district, state, regional, and national levels. Participation is encouraged and no limits are placed on squad sizes in speech, drama, debate, and band. A variety of opportunities are available

for students involved in these programs. Roster sizes for competition in these areas are restricted for district, state, and national events. High school show choir is similar to some athletic teams in that it is organized by grade, ability, and skill level. The squads are selected, and the size of each squad is determined along choreography, space, and design guidelines. Cheerleading and drill team are activities that require a significant amount of precision movement, athletic ability, and special skill. Squad sizes in cheerleading are specifically controlled by the State Athletic Associations, and Southeast Polk adheres to those guidelines at the varsity level. Drill team also has set limitations on the number of performers that is established by the host organization. As is the case with cheerleading and show choir, drill team requires unique talents that may limit participation to individuals who are asked to try out and be selected to a squad that is based on age, experience, ability and skill level.

PROGRAM DEVELOPMENT

Any player in grades 9 through 12 is eligible for varsity competition. Only 9th grade students may participate on the 9th grade team. 9th and 10th grade students are eligible for sophomore and junior varsity competition. Seniors do not play junior varsity except by mutual agreement of competing teams.

Some NINTH GRADE athletes are more talented skill wise and more aware of the cognitive aspects of interscholastic athletic competition. Therefore, while an effort is made to allow as many students as possible to compete, the more advanced athletes will receive the majority of participation time. Other team members may be offered the opportunity to participate in a schedule which demands lesser skill development.

Anytime a 9th grade athlete is promoted to a sophomore, junior varsity, or varsity squad, careful consideration should be given to the following factors in making the decision:

- physical/emotional/maturity level of the athlete
- nature of the sport
- parental support

The JUNIOR VARSITY/SOPHOMORE programs will help develop athletes and utilize those who show the greatest ability in a variety of skills. Role specialization of athletes may become more evident at this level. Those who

are more able will be the primary participants. Students may be asked to try out and undergo a selection process.

The VARSITY team is for those who have learned the basic skills well and perform them both in practice and in interscholastic competition. Role specialization is often a necessity at this level and athletes may be used in specific roles for the benefit of the entire team. Students may be asked to try out and undergo a selection process.

*Athletes at all levels who display leadership and/or enthusiasm, in combination with basic skill development, may enhance their opportunity to participate.

SPECTATOR CONDUCT

The district offers a comprehensive athletic program as an added educational opportunity for students. Through these offerings, it is intended that students improve their physical development, increase their motor skills, learn to function for the benefit of the team, enjoy competition, develop higher skills in cooperating, reinforce good citizenship, and formulate patterns of good sportsmanship. Included in the preceding is to both win and lose with grace, dignity, and honor.

Secondary to the primary goals is the provision for entertainment for both the student body and adults.

In that spectators provide examples of behaviors for students to emulate, it is important that standards of conduct be established. Initially, certain facts need to be understood. Participants at high school athletic events are doing the best they can. The officials are properly certified to perform their tasks and do so impartially. They are not generally the same officials used for university or professional sports, but they are at least as able to make human errors. The same is true of secondary school coaches.

Just as there are rules of the events which govern the athletes, coaches and officials, there must also be behavior standards for spectators. These rules shall prohibit, but not be limited to, the example listed below.

A spectator shall not:

- Be present at a school contest in possession, or under the influence of, any alcoholic beverage or other controlled substance,
- Use tobacco,
- Make profane or inflammatory remarks,
- In any way verbally or physically abuse an official, a participant, a coach, fellow spectator, or any other person in attendance,
- Commit any vulgar or obscene act or gesture,
- In any way disrupt the event,

- Commit any other act which detracts from the purpose of the activity or destroys the pleasure for others.

Persons guilty of the infractions mentioned above may be asked to leave by the authority of the school administrator in charge of the activity, and, if necessary, escorted from the area by an officer of the law. Any appropriate charges shall be filed and the administrator shall have the authority to suspend the person from being on premises for future activities at the school. The person may appeal at a later time through the suspending administrator, the superintendent, and, this failing, to the board in session.

STUDENT ACTIVITY TICKET (SAT):

These tickets, good for all CIML athletic events in which Southeast Polk is a participant (home and away), except tournaments, from the beginning of the school year throughout the summer sports season may be purchased during school hours in the school office. Students not having a SAT must pay adult prices home and away. The SAT provides a considerable savings for a student who attends many activities.

STUDENT CONDUCT CODE

STATEMENT OF PHILOSOPHY

Southeast Polk Community Schools offer a wide variety of extra-curricular and co-curricular activities to enrolled students. Participation in any activity is a choice made by the student and the participation shall be considered a privilege. The Southeast Polk School District has set forth a set of expectations for all participants. These expectations shall be defined as follows:

Participants will...

1. Demonstrate principles of justice and compassion.
2. Respect rules and authority.
3. Respect the rights of other persons.
4. Respect everyone's physical and emotional well-being, to include their own.
5. Respect and demonstrate good sportsmanship.
6. Demonstrate a sense of school pride.
7. Demonstrate understanding and application of the concepts of teamwork and leadership.
8. Demonstrate a sense of commitment and dedication to achievement of excellence.

These expectations are designed to exemplify and encourage responsible citizenship among all students. Participating students serve as representatives of the district to their peers and to the public in and out of the district. Because of the responsibility inherent in representing the Southeast Polk Community School District, a high level of conduct is expected of all students.

The district has set forth the Student Conduct Code that governs the actions of all participating students. These guidelines outline the expectations for acceptable conduct in the areas of academics, attendance, and behavior.

STATEMENT OF COMPLIANCE

The Southeast Polk Community School District will enforce the Student Conduct Code for all co-curricular (extended requirements beyond the regular school day associated with a credit bearing class which meets during the regular school day) and all school sponsored extra-curricular (an activity with a district paid sponsor/director/coach which meets outside of the regular school day and receives no credit) activities.

- I. Academic, Attendance, and other Requirements:**
- A. Students are subject to the Iowa Department of Education, Iowa High School Athletic Association and Iowa Girls High School Athletic Union rules regarding eligibility requirements.
- B. Students must be in school at least 4 periods of the day of a performance (music, theater, and speech), a scheduled contest, a program or trip, or a practice for any of the above if the student expects to participate.
- Any exception must be cleared through a building administrator or the activities office. Guidelines for such an exception include, but are not limited to, doctor appointments, dental appointments, family emergencies as determined by the administration, or school-related absences. Early release time from school to attend a school sponsored event counts as part of the attendance requirements.

- C. Any Southeast Polk student serving an in-school suspension for violation of school rules will be eligible to practice for a co-curricular or extra-curricular activity, but will be ineligible to participate in a performance or event until completion of the in-school suspension. Any student serving an out-of-school suspension will be ineligible to practice or perform in an event until the day following the completion of the out-of-school suspension, and is not allowed on school property or allowed to attend school events, home and away during the period of suspension.
- D. To be eligible to represent Southeast Polk in co-curricular and extra-curricular activities, a student must pass all full-time academic courses (including P.E.). This is according to State of Iowa Code, "Scholarship Rules," [281-36.15](#).
- E. A student may be eligible to participate for a maximum of eight (8) consecutive semesters upon entering 9th grade for the first time. Students who complete graduation requirements at the conclusion of the eighth consecutive semester are eligible to participate in summer activities. Students who complete graduation requirements prior to the eighth semester of high school and end their enrollment as an early graduate are not eligible to continue their participation in school activities.
- F. Students transferring to Southeast Polk from other school districts must transfer in good standing with previous school's Student Conduct Code to be eligible at Southeast Polk. Students will be ineligible until the length of the suspension assigned by the previous school is completed.
- G. Students are subject to the Iowa Department of Education, Iowa High School Athletic Association and Iowa Girls High School Athletic Union rules regarding eligibility requirements.
- H. Students are not eligible once they have reached the age of 20.

- I. Male and female athletes must complete an annual physical examination with certification from the examining physician or approved personnel that the student can safely engage in athletics. Students must submit the completed physical as part of the required Southeast Polk Online Athletics Registration Process.
- J. Parents/guardians must complete the Southeast Polk Online Athletics Registration Process for each sport in which the student participates prior to being eligible to participate in that sport. The Student Conduct Code is contained within this registration process.

II. Violation

If it is determined that a student has violated the Student Conduct Code, the student shall be penalized as specified in Section III below. The following constitute a violation of the Student Conduct Code.

- A. Possession, use, or purchase of alcoholic beverages except as may otherwise be permitted by Iowa law. Evidence of "Use" includes having the odor of alcohol on one's breath. Evidence of possession includes having alcohol in one's system.
- B. Attendance at a function where alcohol or controlled substance, as defined by Iowa Law, is being consumed or used and not immediately leaving said function. Being in a motor vehicle as a passenger or driver that contains alcohol or a controlled substance, as defined by Iowa Law, and not immediately leaving said motor vehicle. It is understood that a student is not prohibited from being in attendance of such functions wherein alcohol is present, that are sponsored, controlled or supervised by the student's parent(s) or guardian(s) or being a driver or passenger of a motor vehicle where the student's parent(s) or guardian(s) accompany said student and alcohol is present.

ABUSE OF STUDENTS BY SCHOOL EMPLOYEES

Legislation has specific guidelines pertaining to what will be considered acts of physical or sexual abuse by school employees, including inappropriate as well as intentional sexual behavior towards students. All such activities are clearly in violation of the policies of the Southeast Polk Community School District.

To ensure compliance, the associate superintendent, 515-967-4294, has been appointed as the district’s Level I investigator, with a designated Level II as his alternate. If the complaint is found to be without grounds, the Level I investigator can cause the complaint to be dropped. If legal action is required, or the incident comes under the auspices of the Department of Human Services, then the appropriate agency is notified. The investigator may also refer the case to the Level II investigator, as can another person if they disagree with the Level I findings.

FREEDOM OF EXPRESSION

Under the U.S. Constitution, all individuals have the right of freedom of expression. Students will be allowed freedom of expression of their viewpoints and opinions as long as the expression is responsibly done. Student expression shall not, in the judgment of the administration, encourage the breaking of laws, cause defamation of persons, contain obscenity or indecency, or promote racial intolerance or hatred.

The administration has the right to determine the time, place and manner in which the expression is to be allowed so as to not disrupt the educational program of the district. Students who violate this policy may be subject to disciplinary measures.

HOMELESS STUDENTS

If you or your family lives in any of these situations: in a shelter, motel, vehicle or campground; on the street; in an abandoned building, trailer or other inadequate housing; doubled up with friends or relatives because you cannot find or afford housing, school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act of 2001.

You or your children have the right to:

- Go to school, no matter where you live or how long you have lived there.
- Continue in the school attended before you became homeless OR the school they last attended, if that is your choice and it is workable for your family. If a school sends your child to a building other than the one you request, the school must provide you with a written explanation and offer you the right to appeal that decision.
- Receive transportation to the school attended before your family became homeless OR the school they last attended, if you requested such transportation.
- Enroll in school without giving a permanent address. Schools cannot require proof of residence that prevents or delays school enrollment.
- Enroll and attend classes in the school of your choice even while the school and you try to resolve a dispute over enrolling your children.
- Receive the same special programs and services, if needed, as provided to all other children served in these programs.
- Receive transportation to school and to school programs.

Whenever you move, you should contact the school for help enrolling your child in the new school or arranging for your child to continue at the former school. For assistance, please contact any building principal, guidance counselor, school nurse, or the Homeless Liaison, at 967-4294.

HUMAN GROWTH AND DEVELOPMENT

Iowa law requires all Iowa school districts to provide instruction in human growth and development. The law requires the topics of personal development, human sexuality, sex stereotypes and abuse and sexually transmitted diseases be addressed in some appropriate manner. Human Growth and Development curriculum overview can be reviewed at www.southeastpolk.org or by contacting your child's school office. If, after review, you decide you do not want your child to participate in the Human Growth and Development instruction, complete the **Pupil Excused from Instruction Form** and return it to the building principal.

PARENTAL RIGHTS

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records and gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;

Southeast Polk High School 2020-21 Handbook

- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. Permission is included in the annual school registration process.

OPEN ENROLLMENT

Parents requesting open enrollment in and out of the school district for their student (1st through 12th grade) will notify the receiving and resident school districts no later than March 1 in the year proceeding the first year desired for open enrollment. The notice will be made on forms provided by the Department of Education, available on the district website – Parents | Enrollment & Registration | Open Enrollment.

Parents of children who will begin kindergarten will file in the same manner set forth above by September 1. Parents who have good cause, as defined by the state of Iowa, for failing to meet the March 1 deadline may make an open enrollment request with supporting documentation in the same manner set forth above.

The board will take action on each open enrollment request.

The superintendent will notify the parents by mail within three days of the board's action to approve or deny the open enrollment request. Approved open enrollment requests will be transmitted by the superintendent to the resident and receiving district chosen by the parents within five days after the board's action on the open enrollment request. For further details, contact the Central Education Office, 515-957-3406.

SCHOOL PERSONNEL COMPLAINTS

The normal procedure for registering a complaint relating to a school matter or individual is to go directly to the person involved, i.e. the staff member or principal. State the problem and the concern in a discreet, courteous manner. If a staff issue is not resolved, any justified concerns should then be taken to the building principal and then, if not resolved, to the superintendent of schools. Complaints of a general nature such as disapproval of a textbook or library book should be written, dated and signed, and sent to the Southeast Polk district office.

TOBACCO-FREE AND DRUG-FREE

In an effort to provide a healthy, safe and productive environment, all district buildings vehicles, and grounds are tobacco free.

CORPORAL PUNISHMENT, RESTRAINT, AND PHYSICAL CONFINEMENT AND DETENTION

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use “reasonable and necessary force, not designed or intended to cause pain” to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees’ abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child’s parent.

The Board of Education has the following related policy that can be reviewed at the district website: 503.5 - Corporal Punishment

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education’s website at www.educateiowa.gov.

GRIEVANCE PROCEDURE

Students, parents of students, employees, and applicants for employment in the school district have the right to file a formal complaint alleging discrimination. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedure is not a prerequisite to the pursuit of other remedies.

Please note that informal processes and procedures are not to be used in certain circumstances (e.g., sexual harassment and sexual assault).

Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with the equity coordinator(s). An alternate will be designated in the event it is claimed that the equity coordinator or superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 180 days of the event giving rise to the complaint or from the date the Complainant could reasonable become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The equity coordinator(s) shall assist the Complainant as needed.

Investigation

Within 15 working days, the equity coordinator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation (hereinafter "equity coordinator"). If the Complainant is under 18 years of age, the equity coordinator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

- A request for the Complainant to provide a written statement regarding the nature of the complaint;
- A request for the individual named in the complaint to provide a written statement;
- A request for witnesses identified during the course of the investigation to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;
- An opportunity to present witnesses or other relevant information; and
- Review and collection of documentation or information deemed relevant to the investigation.

Within 60 working days, the equity coordinator shall complete the investigation and issue a report with respect to the findings. The equity coordinator shall notify the Complainant and Respondent of the decision within 5 working days of completing the written report. Notification shall be by U.S. mail, first class.

Decision and Appeal

The complaint is closed after the equity coordinator has issued the report, unless within 10 working days after receiving the decision, either party appeals the decision to the superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The equity coordinator shall promptly forward all materials relative to the complaint and appeal to the superintendent. Within 30 working days, the superintendent shall affirm, reverse, amend the decision, or direct the equity coordinator to gather additional information. The superintendent shall notify the Complainant, Respondent, and the equity coordinator of the decision within 5 working days of the decision. Notification shall be by U.S. mail, first class.

The decision of the superintendent shall be final.

The decision of the superintendent in no way prejudices a party from seeking redress through state or federal agencies as provided by in law.

This policy and procedures are to be used for complaints of discrimination, in lieu of any other general complaint policies or procedures that may be available.

If any of the stated timeframes cannot be met by the district, the district will notify the parties and pursue completion as promptly as possible.

Retaliation against any person, because the person has filed a complaint or assisted or participated in an investigation, is prohibited. Persons found to have engaged in retaliation shall be subject to discipline by appropriate measures.
