

Frequently Asked Questions

1. What is the purpose of the Silver Cord Program?

The Silver Cord Program recognizes students for their community service during their high school years. Students are recognized after volunteering 150 hours. Students volunteering 150 hours by April 30 of their senior year will have the distinct honor of wearing a silver cord during their graduation ceremony.

2. How do I begin?

- The Silver Cord Program starts August 1 of the freshman year and concludes April 30 of the senior year.
- Consider volunteer activities of interest to you or research local non-profit organizations.
- Contact the volunteer organization site to schedule and confirm your service activities.
- Remember that Silver Cord hours must meet a clearly defined NEED for an agency, church, charity program, political agency, social service, group, or community event. If there is an activity in question, you should have it pre-approved by the Silver Cord advisory team.
- Pick up a SEP Silver Cord Award Form in the Attendance Office or print [the online form](#).
- Complete your service.
- Turn in your completed Silver Cord Award Form, with ALL questions answered and ALL required signatures, to the Attendance Office. Hours in question will be reviewed by the Silver Cord Coordinator (Mark Busch) and/or administration for approval.
- The more hours you volunteer, the closer you are to having the distinct honor of wearing a silver cord at graduation. However, the most important thing is giving something back to the community. Your service matters!

3. What about summer service?

Students may print the Silver Cord Award Form year-round. Pick up forms at the Attendance Office during the school year [or find them online](#) at the school website. Students will keep completed award forms until they return to school in the fall, or they can turn them into the Attendance Office. Summer service forms are due September 15.

4. Can I count work done in previous years? What if I am a transfer student?

Hours completed prior to the beginning of the SEP Silver Cord Program do not count. Hours completed after August 1 of the freshman year through April 30 of the senior year will count toward the Silver Cord goal of 150 hours. It is strongly suggested that students turn their paperwork in as soon as they are done serving for a volunteer event. Transfer students may still earn a Silver Cord at graduation. Total hour requirements will be prorated based on the date of enrollment at Southeast Polk High School. Transfer students must present a transfer letter to the Southeast Polk Coordinator from the previous school with the number of hours volunteered.

5. How would the 75 hour maximum for school related-hours be prorated if I graduate before 2019?

- Class of 2018 - Students may earn up to 60 hours (total) volunteering for any Southeast Polk organization.

6. Why is there a limit to the number of hours volunteered for school activities?

The purpose of the Silver Cord Program is to instill within the students the importance of community service, and encourage students to be accountable for investing in their own education and in the community. We value our students giving back to Southeast Polk Schools, however, in order to stay true to this philosophy, volunteer hours should also be performed in the local and global community. Interacting with others that you may or may not have crossed paths with in any other circumstance is educational, and can be an invaluable life-long lesson.

IMPORTANT things to remember:

- Volunteer work is an unpaid activity.
- Volunteering must be performed for a non-profit (501c3) organization.
- Helping family members, friends, and neighbors are not Silver Cord hours.
- Volunteer service cannot occur during a student's academic day.
- There is a maximum of eight volunteer hours allowed per day.
- Travel, meals and break should not be included as service hours.
- Not all good deeds are community service.

7. Can I lose hours?

No. These are earned hours and cannot be taken away from a student.

8. Can I count volunteering that I do for a school organization, or schools in the Southeast Polk District?*

Students may earn up to 75 hours (total) volunteering for any Southeast Polk School organization, club, or event as long as:

- The work is "above and beyond" what is expected. For example, hours required for National Honor Society or FFA membership will not also count as Silver Cord hours. Service projects where participation is required may count as hours toward a Silver Cord. Please check first!
- The school organization does not receive financial or any type of compensation.
- School sponsored sales/camps/clinics/invitationals that raise money (or accept donations) to benefit the school club/team is a fundraiser. No silver cord hours will be approved unless:
- The student does not belong to the team/club/organization.
- All profits from said event are donated to charity.

*Students are not required to volunteer for school activities. There is NO LIMIT to the number of hours volunteered for a non-profit organization outside of the school district.

9. Recognition

Each term, a deadline date will be announced for student recognition. If Silver Cord Award Forms are not submitted prior to this date, those hours will be recorded for the following term. The exception to this rule is for seniors. All seniors must

turn in Silver Cord forms NO LATER than April 30 of the senior year. No exceptions. For specific information regarding recognition, please see the Silver Cord Program Guidelines.
