

STEM Family Night

February 25, 2019

5:30-7:00 PM

SEP Junior High Cafeteria

All families are invited to join us for an engaging evening of STEM projects as well as curriculum showcase.

- This is an open-ended event. Families may stay as long as they wish.
- The STEM Family Night includes a range of activities covering different STEM topics.
- The SEP robotics team will be demonstrating their 2019 robot design.
- The evening provides challenges and activities for students and families to complete together.
- STEM Family Night is a Parent-Supervised Event.
- Pizza available freewill donation to help fund the SEP robotics team.
