This program will be solely for pickup of meals and meals will not be consumed on-site. We encourage families to continue to be proactive in reducing the risk of COVID-19 by not congregating at the school site once meals have been distributed, continue to wash hands often, sneeze or cough into a tissue or your elbow, and stay home if you are sick.
The well-being of our students, especially those who may be food-insecure, is top of mind as we work to provide this important service to the families within our communities.
